PEOPLE WENT IN CROWDS TO THE POLLS

An Unusually Heavy Vote and Most of the Balloting Took Place Early

IMPOSSIBLE TO FORECAST THE RESULT, BUT IT IS PROBABLE THAT MANY ELABORATE CALCULATIONS WILL BE UPSET

(Associated Press)

New York, Nov. 7.—Fair weather which was general throughout the country, except in the upper Mississippi valley and Western Colorado, brought the voters out early today. Reports at noon from practically all sections indicated that a heavy vote would be posted, some points saying the bulk of the ballots had been cast by 6 o'clock.

The big early vote surprised politicians and caused much conjecture. Providence, R. I., reported the vote throughout that state was the heaviest ever known. Reports from New York state, the Middle Atlantic states and Western and Southern points indicated keen interest everywhere.

Those in charge of republican and democratic national headquarters expressed satisfaction with reports.

Political observers were doubtful as to just when results would become known, but inclined to the opinion it will be later than usual owing to the complex situation resulting from a great number of women voting and other causes.

ELECTION RETURNS THIS EVENING

At the Star Office, Temple Theater, Court Pharmacy, Commercial Club and Metropolitan Theater

Ocala will be unusually well supplied with election returns this evening.

The Star will bulletin the Associated Press reports at its office, and give them by phone to all who call for them.

The returns will be shown at the Temple theater and the Court Pharmacy has made arrangements for a full report which will be displayed on a blackboard in that popular store.

Some members of the Commercial Club have arranged to receive the report at the club rooms, and have invited a number of their friends to attend the occasion.

The colored people have arranged for a full report to be given at the Metropolitan theater.

ELECTION IN OCALA

The election in Ocala is passing off quietly, as Ocala elections almost always do. The polls opened in the courthouse at 8 a. m. At Box 1, A to L, were H. C. Packham, F. W. Ditto and Horace Whetstone, inspectors, and W. W. Clyatt, clerk. At Box 2, M to Z, were W. H. McConn, J. W. Aiken and Clifford Peabody, inspectors, and Norton Davis, clerk. Most of these gentlemen have had experience in the work and the voting proceeded easily and rapidly under their instructions.

It was soon seen, however, that the six booths provided by the county were not enough, so the inspectors borrowed two from the city, and then improved two more, on a window sill and a table, where the voter was entirely safe from supervision.

At 3:30 over 550 had voted and voters steadily arriving.

The Court Pharmacy has made arrangements with the Postal Telegraph company to receive the returns from the election tonight and will display them where all those interested may have access to them.

EARLY VOTE AT NEW ASHFORD

Smallest Town in Massachusetts Probably Made Record for United States

(Associated Press)

Pittsfield, Mass., Nov. 7.—New Ashford, the smallest town in the state, is the first to make election returns. The polls there closed at 10 o'clock this morning. The count showed that Hughes received 16 votes to Wilson's seven. In 1912 New Ashford gave Wilson four, Taft seven and Roosevelt six.

DAUGHTERS WILL MEET TOMORROW IN DALLAS

Dallas, Nov. 7.—Mrs. Cordelia Powell Odenheimer, president general of the United Daughters of the Confederacy, is here for the meeting of the executive board, preliminary to the convention which begins tomorrow. Mrs. Odenheimer declared she had received word from General Bennett Young, former commander of the United Confederate Veterans, stating that he would appear before the Daughters with a proposition for the purchase of Jefferson Davis' farm in Kentucky for a memorial. She also said that the convention would decide on the Stone Mountain, Georgia, monument, but intimated that she thought the two million proposed could be better used in aiding the veterans and their descendants.

THE STOCKING HABIT

Miss May Collins, the "iridescent singing and dancing soubrette" now radiating with the Billy S. Clifford "Linger Longer Lucy" company, is said to have a very bad case of the stocking habit. Most of the stage divinities are noted for the legance and abundance of their hosiery, but dainty Miss Collins is fairly at the top of the tree in this respect.

Her collection is simply bewildering in its profusion and unlimited variety. It is authoritatively declared that she is the proud little proprietor of more stockings than are possessed by any six actresses extant.

Mr. Clifford says that if the young lady continues blowing in her money on stockings that the railroad will compel him to pay for an extra baggage car.

Miss Collins will be seen in "Linger Longer Lucy" at the Temple theater, Wednesday, Nov. 8.

CLOSE IN KANSAS

Hughes is Leading in the Sunflower State but Wilson is Not Far Behind

(Associated Press)

Topeka, Kas., Nov. 7.—The use of the double election board system, whereby the votes are counted while the polls remain open, has enabled the Kansas voters to know how the balloting is going. Incomplete returns from twenty-five precincts here gave Hughes 1389 to Wilson's 974; sixteen precincts in Wichita gave Wilson 880, Hughes 416; nine precincts in Wyandotte county gave Hughes 378, Wilson 329.

GOVERNORS ELECTED IN SEVEN SOUTHERN STATES

(Associated Press)

Atlanta, Nov. 7.—Governors are to be elected in seven Southern states, Arkansas, Florida, Georgia, North Carolina, South Carolina, Tennessee and Texas today. United States senators are to be chosen in six states: Arkansas, Florida, Mississippi, Tennessee, Texas and Virginia. In Mississippi and Virginia the democratic nominees are unopposed.

The democrats claim the Southern states will run up the usual majority for Wilson. The republicans appear not to be making much of an effort, except in North Carolina and Tennessee, where they are hopeful of gaining a few more congressional seats, but the democrats, while conceding them the two they already have in Tennessee are making a fight to take away the one they now hold in North Carolina.

Any person residing in one of the above named voting precincts desiring this appointment, should, without delay, write the State Board of Health, Bureau of Vital Statistics, Jacksonville, Fla.

Native Floridian Recommended for Director of Civilian Marksmanship

A special from Washington to the Times-Union says:

Col. M. A. Winter, president of the Army and Navy Union Rifle club and director of the National Rifle association, is ready to present to President Wilson and the secretary of war the name of Major William C. Harlee, U. S. M. C., for the newly created office of director of civilian marksmanship. This endorsement is an authority of a resolution, signed by more than 400 men, representing 93,000 organized civilian riflemen of the United States, while the national matches were in progress in Jacksonville last month.

Major Harlee is a native Floridian. He was among the group of officers brought to Ocala, to see Silver Springs, by Congressman Clark a few weeks ago.

FEEDING ON TUNNY FISH

Taking the Place of Beef, Mutton and Pork with Hosts of Teutons

Berlin, Sept. 30.—(Correspondence of the Associated Press)—All Berlin these days in living "in the sign of the tunny fish"—the best substitute for genuine meat that has been discovered since there began to be a restriction of the regular meat supply. On "meatless" as well as other days tunny now occupies a respectable place on the bill of fare of every big Berlin restaurant, and great quantities of it are being eaten.

One large and very well patronized cafe, for instance, offers, each Tuesday and Friday, under the heading of "Meat Dishes," the following four items: "Fricassee of tunny with rice, Tunny Schnitzel with peas, carrots and fried potatoes, German beefsteak of tunny fish with spinach and fried potatoes, tunny goulash."

The meat of the tunny is coarse and somewhat strong, or gamy, and too much of it kills. But it is nevertheless an excellent substitute for meat, and likewise a relief from the finer fish that grows very tiresome if eaten week in and week out. The supply of tunny is said to come principally from the Adriatic.

Destroyer and Submarine In Deepsea Duel

FRENCH HAVE TAKEN OVER SEVENTY THOUSAND TEUTONS ON THE SOMME FRONT

(Associated Press)

Heavy fighting on the Somme front in France and in Transylvania is reported. The British announced that they gained ground near Butte de Warlencourt, on the Somme front, while Berlin said the British were repulsed near Eaucourt L'Abbaye.

On the Transylvanian front Berlin said the Teutonic forces in the region of Tulches retired before the Russians. West of Dodza pass and near the Vulvan and Rothenthurm passes, however, the Teutons claim to have advanced.

Berlin reports the capture of a bridgehead from the Russians on the Stokhod river on the Russian front. Berlin said the Russians showed marked activity between Dvinsk and Lake Narocz.

A British admiralty statement today said further reports from the commander of the submarine which yesterday was reported as torpedoing a German dreadnaught in the North Sea, claimed that torpedoes hit two German dreadnaughts of the Kaiser class.

AMERICAN AMBULANCE CORPS APPRECIATED

French Show Show Hearty Gratitude for Work Done on the Verdun Front

Paris, Oct. 28.—(Correspondence of the Associated Press)—Drivers of the American field ambulances continue to receive citations and letters of appreciation for their work. Chief Surgeon Guibal of a division operating at Verdun writes:

"At the moment when an unexpected order of departure deprives the 129th division of American sanitary section No. 3, the divisional surgeon desires to express to all its members his deepest thanks.

"Since April 25, 1916, the section has followed the division to the various points on the front where it has been in action; at Lay St. Christophe, in the dangerous sector of Thiaumont at Verdun, and at Bois-le-Petre.

"The American volunteers have everywhere shown an unforgettable example of devotion. They carry away with them the gratitude of our wounded, the admiration of all those who have seen them at work and the regrets caused by their departure. They leave behind them an example which it will be sufficient to recall when in another Verdun their successors will be called upon to show the courage and self-abnegation so necessary in the accomplishment of their mission."

General Blondin, commanding another division at Verdun, wrote on Sept. 25 to Lieut. Rodocanachi, of American sanitary section No. 2:

"I wish to express to you my congratulations for the unwearied activity, the devotion and the fearless contempt of danger shown by the drivers of American sanitary section No. 2, under your command, since their arrival at the division and particularly in the course of the days and nights from Sept. 18 to 20. The American drivers have shown themselves worthy sons of the great and generous nation for the emancipation of which our ancestors shed their blood.

"I cite to the order of the division Drivers Carroll Riggs and Owen Kenan, and would ask you to kindly transmit to all your drivers by congratulations and thanks.

"(Signed) Blondin." General Blondin also mentions Riggs and Kenan in general orders for their courage and devotion. Carroll Riggs is from Washington, D. C., and a graduate of Yale University. Owen Kenan is from Kenansville, N. C., and was graduated from the University of North Carolina.

Stanley Dell of Princeton, N. J., and of Princeton University, has been cited in orders for his coolness, energy and disregard of danger as an automobile ambulance driver in section No. 4, attached to division 64, and especially for having brought, at a great personal risk, a non-commissioned officer to a surgical dressing station whose injuries were so bad that, had he not had immediate attention, he would have died.
